H. R. 1408

To provide for the settlement of certain claims under the Alaska Native Claims Settlement Act, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

APRIL 6, 2011

Mr. Young of Alaska (for himself, Mr. Pierluisi, Mr. Palomallaga, Mr. Sablan, Ms. Bordallo, Mr. Boren, Mr. Denham, Mr. Benishek, Mr. Lujan, and Ms. Hanabusa introduced the following bill, which was referred to the Committee on Natural Resources

A BILL

To provide for the settlement of certain claims under the Alaska Native Claims Settlement Act, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Southeast Alaska Native Land Entitlement Finalization and Jobs Protection Act”.

SEC. 2. DEFINITIONS.

In this Act:
(1) **Sealaska.**—The term “Sealaska” means the Sealaska Corporation, a Regional Native Corporation created under the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.).

(2) **Secretary.**—The term “Secretary” means the Secretary of the Interior.

### SEC. 3. FINDINGS; PURPOSE.

(a) **Findings.**—Congress finds that—

(1)(A) in 1971, Congress enacted the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.) to recognize and settle the aboriginal claims of Alaska Natives to land historically used by Alaska Natives for traditional, cultural, and spiritual purposes; and

(B) that Act declared that the land settlement “should be accomplished rapidly, with certainty, in conformity with the real economic and social needs of Natives”;

(2) the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.)—

(A) authorized the distribution of approximately $1,000,000,000 and 44,000,000 acres of land to Alaska Natives; and

(B) provided for the establishment of Native Corporations to receive and manage the
funds and that land to meet the cultural, social, and economic needs of Native shareholders;

(3) under section 12 of the Alaska Native Claims Settlement Act (43 U.S.C. 1611), each Regional Corporation, other than Sealaska (the Regional Corporation for southeast Alaska), was authorized to receive a share of land based on the proportion that the number of Alaska Native shareholders residing in the region of the Regional Corporation bore to the total number of Alaska Native shareholders, or the relative size of the area to which the Regional Corporation had an aboriginal land claim bore to the size of the area to which all Regional Corporations had aboriginal land claims;

(4)(A) Sealaska, the Regional Corporation for southeast Alaska, 1 of the Regional Corporations with the largest number of Alaska Native shareholders, with more than 21 percent of all original Alaska Native shareholders, received less than 1 percent of the lands set aside for Alaska Natives, and received no land under section 12 of the Alaska Native Claims Settlement Act (43 U.S.C. 1611);

(B) the Tlingit and Haida Indian Tribes of Alaska was 1 of the entities representing the Alaska Natives of southeast Alaska before the date of enact-
ment of the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.); and

(C) Sealaska did not receive land in proportion to the number of Alaska Native shareholders, or in proportion to the size of the area to which Sealaska had an aboriginal land claim, in part because of a United States Court of Claims cash settlement to the Tlingit and Haida Indian Tribes of Alaska in 1968 for land previously taken to create the Tongass National Forest and Glacier Bay National Monument;

(5) the 1968 Court of Claims cash settlement of $7,500,000 did not—

(A) adequately compensate the Alaska Natives of southeast Alaska for the significant quantity of land and resources lost as a result of the creation of the Tongass National Forest and Glacier Bay National Monument or other losses of land and resources; or

(B) justify the significant disparate treatment of Sealaska under the Alaska Native Claims Settlement Act (43 U.S.C. 1611) in 1971;

(6)(A) while each other Regional Corporation received a significant quantity of land under sections
12 and 14 of the Alaska Native Claims Settlement Act (43 U.S.C. 1611, 1613), Sealaska only received land under section 14(h) of that Act (43 U.S.C. 1613(h));

(B) section 14(h) of the Alaska Native Claims Settlement Act (43 U.S.C. 1613(h)) authorized the Secretary to withdraw and convey 2,000,000-acres of “unreserved and unappropriated” public lands in Alaska from which Alaska Native selections could be made for historic sites, cemetery sites, Urban Corporation land, Native group land, and Native Allotments;

(C) under section 14(h)(8) of the Alaska Native Claims Settlement Act (43 U.S.C. 1613(h)(8)), after selections are made under paragraphs (1) through (7) of that section, the land remaining in the 2,000,000-acre land pool is allocated based on the proportion that the original Alaska Native shareholder population of a Regional Corporation bore to the original Alaska Native shareholder population of all Regional Corporations;

(D) the only Native land entitlement of Sealaska derives from a proportion of leftover land remaining from the 2,000,000-acre land pool, esti-
mated as of the date of enactment of this Act at approximately 1,700,000 acres;

(E) because at the time of enactment of the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.) all public land in the Tongass National Forest had been reserved for purposes of creating the national forest, the Secretary was not able to withdraw any public land in the Tongass National Forest for selection by and conveyance to Sealaska;

(F) at the time of enactment of the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.) other public lands in southeast Alaska not located in the Tongass National Forest were not suitable for selection by and conveyance to Sealaska because such lands were located in Glacier Bay National Monument, were included in a withdrawal effected pursuant to section 17(d)(2) of that Act (43 U.S.C. 1616(d)(2)) and slated to become part of the Wrangell-St. Elias National Park, or essentially consisted of mountain tops;

(G) Sealaska in 1975 requested that Congress amend the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.) to permit the Regional Corporation to select lands inside of the withdrawal areas established for southeast Alaska Native vil-
lages under section 16 of that Act (43 U.S.C. 1615); and

(H) in 1976, Congress amended section 16 of the Alaska Native Claims Settlement Act (43 U.S.C. 1615) to allow Sealaska to select lands under section 14(h)(8) of that Act (43 U.S.C. 1613(h)(8)) from land located inside, rather than outside, the withdrawal areas established for southeast Alaska Native villages;

(7) the 10 Alaska Native village withdrawal areas in southeast Alaska surround the Alaska Native communities of Yakutat, Hoonah, Angoon, Kake, Kasaan, Klawock, Craig, Hydaburg, Klukwan, and Saxman;

(8)(A) the existing conveyance requirements of the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.) for southeast Alaska limit the land eligible for conveyance to Sealaska to the original withdrawal areas surrounding 10 Alaska Native villages in southeast Alaska, which precludes Sealaska from selecting land located—

(i) in any withdrawal area established for the Urban Corporations for Sitka and Juneau, Alaska; or
(ii) outside the 10 Alaska Native village withdrawal areas; and

(B) unlike other Regional Corporations, Sealaska is not authorized to request land located outside the withdrawal areas described in subparagraph (A) if the withdrawal areas are insufficient to complete the land entitlement of Sealaska under the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.);

(9)(A) the deadline for applications for selection of cemetery sites and historic places on land outside withdrawal areas established under section 14 of the Alaska Native Claims Settlement Act (43 U.S.C. 1613) was July 1, 1976;

(B)(i) as of that date, the Bureau of Land Management notified Sealaska that the total entitlement of Sealaska would be approximately 200,000 acres; and

(ii) Sealaska made entitlement allocation decisions for cultural sites and economic development sites based on that original estimate;

(C) as a result of the Alaska Land Transfer Acceleration Act (Public Law 108–452; 118 Stat. 3575) and subsequent related determinations and actions of the Bureau of Land Management, it be-
came clear within the last decade that Sealaska will receive significantly more than 200,000 acres pursuant to the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.);

(10) in light of the revised Bureau of Land Management estimate of the total number of acres that Sealaska will receive pursuant to the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.), and in consultation with Members of Alaska’s congressional delegation, Sealaska and its shareholders believe that it is appropriate to allocate more of the entitlement of Sealaska to—

(A) the acquisition of places of sacred, cultural, traditional, and historical significance;

(B) the acquisition of sites with traditional and recreational use value and sites suitable for renewable energy development; and

(C) the acquisition of lands that are not within the watersheds of Native and non-Native communities and are suitable economically and environmentally for natural resource development;

(11)(A) pursuant to section 11(a)(1) of the Alaska Native Claims Settlement Act (43 U.S.C. 1610(a)(1)), Sealaska was not authorized to select
under section 14(h)(1) of that Act (43 U.S.C. 1613(h)(1)) any site within Glacier Bay National Park, despite the abundance of cultural sites within that Park;

(B) Sealaska seeks cooperative agreements to ensure that cultural sites within Glacier Bay National Park are subject to cooperative management by Sealaska, Village and Urban Corporations, and federally recognized tribes with ties to the cultural sites and history of the Park; and

(C) Congress recognizes that there is an existing Memorandum of Understanding (MOU) between the Park Service and the Hoonah Indian Association, and does not intend to circumvent the MOU; rather the intent is to ensure that this and similar mechanisms for cooperative management in Glacier Bay are required by law;

(12)(A) the cemetery sites and historic places conveyed to Sealaska pursuant to section 14(h)(1) of the Alaska Native Claims Settlement Act (43 U.S.C. 1613(h)(1)) are subject to a restrictive covenant not required by the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.) that hinders the ability of Sealaska to use the sites for cultural, educational, or research purposes for Alaska Natives and others;
(B) historic sites managed by the Forest Service are not subject to the limitations referred to in subparagraph (A); and

(C) Alaska Natives of southeast Alaska should be permitted to use cemetery sites and historic places in a manner that is—

(i) consistent with the sacred, cultural, traditional, or historic nature of the site; and

(ii) not inconsistent with the management plans for adjacent public land;

(13) 44 percent (820,000 acres) of the 10 Alaska Native village withdrawal areas established under the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.) described in paragraphs (7) and (8) are composed of salt water and not available for selection;

(14) of land subject to the selection rights of Sealaska, 110,000 acres are encumbered by gubernatorial consent requirements under the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.);

(15) in each withdrawal area, there exist factors that limit the ability of Sealaska to select sufficient land, and, in particular, economically viable land, to fulfill the land entitlement of Sealaska, including factors such as—
(A) with respect to the Yakutat withdrawal area—

(i) 46 percent of the area is salt water;

(ii) 10 sections (6,400 acres) around the Situk Lake were restricted from selection, with no consideration provided for the restriction; and

(iii)(I) 70,000 acres are subject to a gubernatorial consent requirement before selection; and

(II) Sealaska received no consideration with respect to the consent restriction;

(B) with respect to the Hoonah withdrawal area, 51 percent of the area is salt water;

(C) with respect to the Angoon withdrawal area—

(i) 120,000 acres of the area is salt water;

(ii) Sealaska received no consideration regarding the prohibition on selecting land from the 80,000 acres located within the Admiralty Island National Monument; and
(iii)(I) the Village Corporation for
Angoon was allowed to select land located
outside the withdrawal area on Prince of
Wales Island, subject to the condition that
the Village Corporation shall not select
land located on Admiralty Island; but

(II) no alternative land adjacent to
the out-of-withdrawal land of the Village
Corporation was made available for selec-
tion by Sealaska;

(D) with respect to the Kake withdrawal
area—

(i) 64 percent of the area is salt
water; and

(ii) extensive timber harvesting by the
Forest Service occurred in the area before
1971 that significantly reduced the value
of land available for selection by, and con-
veyance to, Sealaska;

(E) with respect to the Kasaan withdrawal
area—

(i) 54 percent of the area is salt
water; and

(ii) the Forest Service previously har-
vested in the area;
(F) with respect to the Klawock withdrawal area—

(i) the area consists of only 5 townships, as compared to the usual withdrawal area of 9 townships, because of the proximity of the Klawock withdrawal area to the Village of Craig, which reduces the selection area by 92,160 acres; and

(ii) the Klawock and Craig withdrawal areas are 35 percent salt water;

(G) with respect to the Craig withdrawal area, the withdrawal area consists of only 6 townships, as compared to the usual withdrawal area of 9 townships, because of the proximity of the Craig withdrawal area to the Village of Klawock, which reduces the selection area by 69,120 acres;

(H) with respect to the Hydaburg withdrawal area—

(i) 36 percent of the area is salt water; and

(ii) Sealaska received no consideration under the Haida Land Exchange Act of 1986 (Public Law No. 99–664; 100 Stat. 4303) for relinquishing selection rights to
land within the withdrawal area that the 
Haida Corporation exchanged to the For-
est Service;

(I) with respect to the Klukwan withdrawal 
area—

(i) 27 percent of the area is salt 
water; and

(ii) the withdrawal area is only 70,000 
acres, as compared to the usual withdrawal 
area of 207,360 acres, which reduces the 
selection area by 137,360 acres; and

(J) with respect to the Saxman withdrawal 
area—

(i) 29 percent of the area is salt 
water;

(ii) Sealaska received no consideration 
for the 50,576 acres within the withdrawal 
area adjacent to the first-class city of 
Ketchikan that were excluded from selec-
tion;

(iii) Sealaska received no consider-
ation with respect to the 1977 amendment 
to the Alaska Native Claims Settlement 
Act (43 U.S.C. 1601 et seq.) requiring gu-
bernatorial consent for selection of 58,000 acres in that area; and

(iv) 23,888 acres are located within the Annette Island Indian Reservation for the Metlakatla Indian Tribe and are not available for selection;

(16) the selection limitations and guidelines applicable to Sealaska under the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.)—

(A) are inequitable and inconsistent with the purposes of that Act because there is insufficient land remaining in the withdrawal areas to meet the traditional, cultural, and socio-economic needs of the shareholders of Sealaska; and

(B) make it difficult for Sealaska to select—

(i) places of sacred, cultural, traditional, and historical significance;

(ii) sites with traditional and recreation use value and sites suitable for renewable energy development; and

(iii) lands that meet the real economic needs of the shareholders of Sealaska;
(17) unless Sealaska is allowed to select land outside designated withdrawal areas in southeast Alaska, Sealaska will not be able to—

(A) complete the land entitlement selections of Sealaska under the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.) in a manner that meets the cultural, social, and economic needs of Native shareholders;

(B) avoid land selections in watersheds that are the exclusive drinking water supply for regional communities, support world class salmon streams, have been identified as important habitat, or would otherwise be managed by the Forest Service as roadless and old growth forest reserves;

(C) secure ownership of places of sacred, cultural, traditional, and historical importance to the Alaska Natives of southeast Alaska; and

(D) continue to support forestry jobs and economic opportunities for Alaska Natives and other residents of rural southeast Alaska;

(18)(A) the rate of unemployment in southeast Alaska exceeds the statewide rate of unemployment on a non-seasonally adjusted basis;
(B) in January 2011, the Alaska Department of Labor and Workforce Development reported the unemployment rate for the Prince of Wales—Outer Ketchikan census area at approximately 16.2 percent;

(C) in October 2007, the Alaska Department of Labor and Workforce Development projected population losses between 1996 and 2030 for the Prince of Wales—Outer Ketchikan census area at 56.6 percent;

(D) official unemployment rates severely under-report the actual level of regional unemployment, particularly in Native villages; and

(E) additional job losses will exacerbate out-migration from Native and non-Native communities in southeast Alaska;

(19) Sealaska has played, and is expected to continue to play, a significant role in the health of the southeast Alaska economy;

(20) despite the small land base of Sealaska as compared to other Regional Corporations (less than 1 percent of the total quantity of land allocated pursuant to the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.)), Sealaska has—
(A) provided considerable benefits to Alaska Native shareholders;
(B) supported hundreds of jobs for Alaska Native shareholders and non-shareholders in southeast Alaska for more than 30 years; and
(C) been a significant economic force in southeast Alaska;

(21) pursuant to the revenue sharing provisions of section 7(i) of the Alaska Native Claims Settlement Act (43 U.S.C. 1606(i)), Sealaska has distributed more than $300,000,000 during the period beginning on January 1, 1971, and ending on December 31, 2005, to Native Corporations throughout the State of Alaska from the development of natural resources, which accounts for 42 percent of the total revenues shared under that section during that period;

(22) resource development operations maintained by Sealaska—
(A) support hundreds of jobs in the southeast Alaska region;
(B) make timber available to local and domestic sawmills and other wood products businesses such as guitar manufacturers;
(C) support firewood programs for local communities;

(D) support maintenance of roads utilized by local communities for subsistence and recreation uses;

(E) support development of new biomass energy opportunities in southeast Alaska, reducing dependence on high-cost diesel fuel for the generation of energy;

(F) provide start-up capital for innovative business models in southeast Alaska that create new opportunities for non-timber economic development in the region, including support for renewable biomass initiatives, Alaska Native artisans, and rural mariculture farming; and

(G) support Native education and cultural and language preservation activities;

(23) if the resource development operations of Sealaska cease on land appropriate for those operations, there will be a significant negative impact on—

(A) southeast Alaska Native shareholders;

(B) the cultural preservation activities of Sealaska;

(C) the economy of southeast Alaska; and
(D) the Alaska Native community that benefits from the revenue-sharing requirements under the Alaska Native claims Settlement Act (43 U.S.C. 1601 et seq.);

(24) it is critical that the remaining land entitlement conveyances to Sealaska under the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.) are fulfilled to continue to meet the economic, social, and cultural needs of the Alaska Native shareholders of southeast Alaska and the Alaska Native community throughout Alaska;

(25) in order to realize cultural preservation goals while also diversifying economic opportunities, Sealaska should be authorized to select and receive conveyance of—

(A) sacred, cultural, traditional, and historic sites and other places of traditional cultural significance, including traditional and customary trade and migration routes, to facilitate the perpetuation and preservation of Alaska Native culture and history;

(B) other sites with traditional and recreation use value and sites suitable for renewable energy development to facilitate appropriate tourism and outdoor recreation enterprises and
renewable energy development for rural south-

east Alaska communities; and

(C) lands that are suitable economically

and environmentally for natural resource devel-

opment;

(26) on completion of the conveyances of land

of Sealaska to fulfill the full land entitlement of

Sealaska under the Alaska Native Claims Settlement

Act (43 U.S.C. 1601 et seq.), the encumbrances on

327,000 acres of Federal land created by the with-

drawal of land for selection by Native Corporations

in southeast Alaska should be removed, which will

facilitate thorough and complete planning and effi-

cient management relating to national forest land in

southeast Alaska by the Forest Service;

(27) although the Tribal Forest Protection Act

(25 U.S.C. 3101 note; Public Law 108–278) defines

the term “Indian tribe” to include Indian tribes

under section 4 of the Indian Self-Determination

and Education Assistance Act (25 U.S.C. 450b), a

term which includes “any Alaska Native village or

regional or village corporation as defined in or estab-

lished pursuant to the Alaska Native Claims Settle-

ment Act . . .”, the Tribal Forest Protection Act

does not define the term “Indian forest land or
“rangeland” to include lands owned by Alaska Native Corporations, including Sealaska, which are the primary Indian forest land owners in Alaska, and therefore, the Tribal Forest Protection Act should be amended in a manner that will—

(A) permit Native Corporations, including Sealaska, as Indian forest land owners in Alaska, to work with the Secretary of Agriculture under the Tribal Forest Protection Act to address forest fire and insect infestation issues, including the spread of the spruce bark beetle in southeast and southcentral Alaska, which threaten the health of the Native forestlands; and

(B) ensure that Native Corporations, including Sealaska, can participate in programs administered by the Secretary of Agriculture under the Tribal Forest Protection Act without including Native Corporations under the definition in that Act of “Indian forest land or rangeland” or otherwise amending that Act in a manner that validates, invalidates, or otherwise affects any claim regarding the existence of Indian country in the State of Alaska;
(28) the National Historic Preservation Act (16 U.S.C. 470 et seq.) defines the term “Indian tribe” to include any “Native village, Regional Corporation or Village Corporation, as those terms are defined in section 3 of the Alaska Native Claims Settlement Act” but does not define the term “Tribal lands” to include lands owned by Alaska Native Corporations, thereby excluding from the National Historic Preservation Act cemetery sites and historical places transferred to Native Corporations, including Sealaska, pursuant to the Alaska Native Claims Settlement Act, and therefore, the National Historic Preservation Act should be amended in a manner that will—

(A) permit Native Corporations, including Sealaska, as owners of Indian cemetery sites and historical places in Alaska, to work with the Secretary of the Interior under the National Historic Preservation Act to secure grants and other support to manage their own historic sites and programs pursuant to that Act; and

(B) ensure that Native Corporations, including Sealaska, can participate in programs administered by the Secretary of the Interior under the National Historic Preservation Act without including Native Corporations under
the definition in that Act of “Tribal lands” or otherwise amending that Act in a manner that validates, invalidates, or otherwise affects any claim regarding the existence of Indian country in the State of Alaska.

(b) PURPOSE.—The purpose of this Act is to address the inequitable treatment of Sealaska by allowing Sealaska to select the remaining land entitlement of Sealaska under section 14 of the Alaska Native Claims Settlement Act (43 U.S.C. 1613) from designated Federal land in southeast Alaska located outside the 10 southeast Alaska Native village withdrawal areas in a manner that meets the cultural, social, and economic needs of Native shareholders, including the need to maintain jobs supported by Sealaska in rural southeast Alaska communities.

SEC. 4. SELECTIONS IN SOUTHEAST ALASKA.

(a) SELECTION BY SEALASKA.—

(1) IN GENERAL.—Notwithstanding section 14(h)(8) of the Alaska Native Claims Settlement Act (43 U.S.C. 1613(h)(8)), Sealaska is authorized to select and receive conveyance of the remaining land entitlement of Sealaska under that Act (43 U.S.C. 1601 et seq.) from Federal land located in southeast Alaska from each category described in subsections (b) and (c).
(2) TREATMENT OF LAND CONVEYED.—Land conveyed pursuant to this Act are to be treated as
land conveyed pursuant to the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.) subject to,

land pursuant to section 17(b) of the Alaska
Native Claims Settlement Act (43 U.S.C.
1616(b));

tion 14(g) of the Alaska Native Claims Settle-
ment Act (43 U.S.C. 1613(g)); and

Tlingit homeland and culture, wilderness, and eco-
logical preservation.

land is withdrawn, subject to valid existing rights, from
all forms of appropriation under public land laws, including the mining and mineral leasing laws, and from selection under the Act of July 7, 1958 (commonly known as the "Alaska Statehood Act") (48 U.S.C. note prec. 21; Public Law 85–508), and shall be available for selection by and conveyance to Sealaska to complete the remaining land entitlement of Sealaska under section 14(h)(8) of the Alaska Native Claims Settlement Act (43 U.S.C. 1613(h)(8)):

(1) Land identified on the maps dated February 1, 2011, and labeled "Attachment A (Maps 1 through 8)".

(C) a conveyance of land 25 feet in width, together with 1-acre sites at each terminus, with the route, location, and boundaries of the conveyance described on the map inset entitled “Portage Bay to Duncan Canal Trade and Migration Route” on the map entitled “Traditional and Customary Trade and Migration Routes”, dated February 1, 2011, and labeled “Attachment C”.
(c) Sites With Sacred, Cultural, Traditional, or Historic Significance.—Subject to the criteria and procedures applicable to land selected pursuant to section 14(h)(1) of the Alaska Native Claims Settlement Act (43 U.S.C. 1613(h)(1)) and set forth in the regulations promulgated at section 2653.5 of title 43, Code of Federal Regulations (as in effect on the date of enactment of this Act), except as otherwise provided in this Act—

(1) Sealaska shall have a right to identify up to 3,600 acres of sites with sacred, cultural, traditional, or historic significance, including archeological sites, cultural landscapes, and natural features having cultural significance; and

(2) on identification of the land by Sealaska under paragraph (1), the identified land shall be—

(A) withdrawn, subject to valid existing rights, from all forms of appropriation under public land laws, including the mining and mineral leasing laws, and from selection under the Act of July 7, 1958 (commonly known as the “Alaska Statehood Act”) (48 U.S.C. note prec. 21; Public Law 85–508); and

(B) available for selection by and conveyance to Sealaska to complete the remaining land entitlement of Sealaska under section
14(h)(8) of the Alaska Native Claims Settlement Act (43 U.S.C. 1613(h)(8)) subject to the conditions that—

(i) no sites with sacred, cultural, traditional, or historic significance may be selected from within a unit of the National Park System; and

(ii) beginning on the date that is 15 years after the date of enactment of this Act, Sealaska shall be limited to identifying not more than 360 acres of sites with sacred, cultural, traditional, or historic significance under this subsection.

(d) Forest Development Roads.—Sealaska shall receive from the United States, subject to such reasonable terms and conditions as the Forest Service may impose, nonexclusive easements to Sealaska to allow—

(1) access on the forest development road and use of the log transfer site identified in paragraphs (3)(b), (3)(c) and (3)(d) of the patent numbered 50–85–0112 and dated January 4, 1985;

(6) access to and reservation of a right to construct a new log transfer facility and log storage area at the location identified on the maps identified in paragraph (4).

(e) COOPERATIVE MANAGEMENT OF SITES IN GLACIER BAY NATIONAL PARK.—

(1) IN GENERAL.—The Director of the National Park Service shall offer to enter into a cooperative management agreement with Sealaska, other Village Corporations and Urban Corporations, and federally recognized Indian tribes with cultural and historical ties to Glacier Bay National Park, in accordance with the requirements of paragraph (2).
(2) REQUIREMENTS.—A cooperative management agreement under this paragraph shall—

(A) recognize the contributions of the Alaska Natives of southeast Alaska to the history, culture, and ecology of Glacier Bay National Park and the surrounding area; and

(B) ensure that the Alaska Native sacred and cultural sites located in Glacier Bay National Park and identified on the map entitled “Places of Sacred, Cultural, Traditional and Historic Significance”, dated February 1, 2011, and labeled “Attachment B”, are protected and enhanced by cooperative activities and partnerships among federally recognized Indian tribes, Village Corporations and Urban Corporations, Sealaska, and the National Park Service.
