BOARD OF FISHERIES REGULATIONS		
☐ Subsistence	☐ Personal Use	☒ Sport ☐ Commercial
*Which meeting would you like to submit your proposal to? ☒ Southeast and Yakutat Finfish and Shellfish ☐ Prince William Sound Finfish and Shellfish ☐ All Other Shellfish Statewide		
Please answer all questions to the best of your ability. All answers will be printed in the proposal book along with the proposer's name (address and phone numbers will not be published). Use separate forms for each proposal. Address only one issue per proposal. State the issue clearly and concisely. The board will reject multiple or confusing items.		
1. Alaska Administrative Code Number: 5 AAC 47.055xx _____		
*2. What is the issue you would like the board to address and why? This proposal seeks to reduce weekly king salmon sport fishing time for nonresidents from seven days per week to five days per week by prohibiting nonresident king salmon fishing on Saturdays and Sundays. This proposal is intended to be effective Jan 1, 2026.		
*3. What solution do you recommend? In other words, if the board adopted your solution, what would the new regulation say? (Please provide draft regulatory language, if possible.) The nonresident king salmon fishing power is such that the 20 percent sport quota can be taken before the end of June. With no inseason management, this means the sport quota is meaningless and the excess fish has to come out of the troll quota. A two day per week closure is a 28% reduction in fishing time, which is exactly what is needed to bring the sport catch back within its intended limit. A side benefit is that the resident sport fishers will have much less competition on weekends.		
4. Did you develop your proposal in coordination with others, or with your local Fish and Game Advisory Committee? Explain.
